## JENNIFER LYN & THE Groove Revival

“Jennifer Lyn communicates the intense feeling that only the most honest musicians know how to transmit when they play from the bottom of their soul.” - La Hora del Blues Spain.

The North Dakota based vocalist, guitarist, songwriter, engineer, and producer showcases the fiery soul of a woman immersed in the baptismal waters of Rock 'n' Roll. Her band, Jennifer Lyn and The Groove Revival, launched their first official album release which was an EP titled ‘Nothing Holding Me Down’ earning them four Independent Blues Music Awards nominations including “Best Blues Rock Band” and “Best Blues Rock Album” during 2022.

In 2023, the band released their second official release, an EP titled “Gypsy Soul”, which spent 16 weeks on the Roots Music Report charts, peaking at the #2 Blues Rock spot. The band also launched their first regional tour which consisted of several sold out shows in the upper mid-West.

Born and raised in a suburb of Minneapolis, MN, Jennifer Lyn was shaped by the music she absorbed from her parents' vinyl collection during her childhood. She draws inspiration from various genres including Rock, Blues, R&B, and a touch of roots music. With a blend of classic rock undertones, the nostalgic songwriting spirit of the 70s, and an abundance of reverb-drenched guitar solos accompanied by dual guitar moments, her bands music promises to deliver that authentic old-school sound with a contemporary Blues-Rock twist.
